

Vice President - Architect of EMPAD Architecture

With 10 years of professional experience in architecture, Sean has had the amazing opportunity to work on projects across the country and in all sectors of the building industry. Developing his personal experience through outstanding client relationships, his portfolio ranges from small residential projects to world headquarter facilities of over 500,000 square feet. As a professional, his daily responsibilities include initial client meetings, contracts and proposals, the coordination and production of construction documents and the assistance in management, marketing and business development of the EMPAD firm.

As a member of the Tampa Bay AIA, LEED certified and accredited by the National Council of Architectural Registration Board, Sean has gained extensive experience in commercial, office, retail, restaurant, medical and industrial projects. His portfolio includes both new construction and renovation for Publix Supermarkets, FELD Entertainment, HSN (Home Shopping Network), Bright House Networks, Harrod Properties, Radiant Group, the Edwards Group, the Free Clinic of St Petersburg, USAmeribank, Walgreens and Baycare, to name a few.
